APOLLO SE

Colour:
light blue with an extruded red stripe.

Temperature range:
- 25 °C + 60 °C

Features:
Pvc hose reinforced with an anti-shock rigid Pvc spiral. Special formulation particularly suitable to be used at low temperatures. Inside surface smooth, light corrugation outside. Strong and flexible, resistant to crushing, abrasion, atmospherical agents and most chemicals.

Applications:
excellent for suction in general, particularly suitable to be used on tank trucks thanks to its physical- mechanical features

Part number	DN (mm)	T. (mm)	Weight (g/m)	B. R. (mm)	W. P. (bar)	Vacuum (mH_2O)	C. L. (m)
2031.50	50	4.3 - 4.9	980	200	4	10	50
2031.60	60	4.5 - 5.2	1230	240	4	9	50
2031.80	80	6.0	1820	320	3	9	50/30
2031.90	90	6.3	2120	360	3	9	50
2031.100	100	7.0	2660	410	3	9	50

Legend:
- T.: Thickness
- B. R.: Bending Radius
- W. P.: Working Pressure
- C. L.: Coil Length (other sizes may be available on request)
